Melbourne

The Mission of the futures foundation is
... to engage all Australians
in creating a better future ...

the *futures* foundation

... creating
Australia's
future ...

The *futures* foundation is a non-profit organisation committed to bringing Australians together to explore the future.

Through events, publications, research and conversation the futures foundation provides members with a unique platform from which to consider and create their future, and the future of their country.

Why study the future?

The world changes so quickly it's hard to keep up. New inventions and innovations alter the way we live. Our values attitudes and beliefs are changing. And the pace of life keeps accelerating, making it difficult to prepare for tomorrow. By engaging with the future, we can anticipate what lies ahead. More importantly, we can actively decide how we will live in the future, by making choices today and realising the consequences of our decisions.

What can we know about the future?

No-one knows exactly what will happen in the future. But by considering what might happen, we can more rationally decide on the sort of future that would be most desirable and then work to achieve it.

Membership of the *futures* foundation provides:

- Exclusive access to Future News our e-newsletter, the definitive source of information about futures trends and activities
- Discounted attendance at conversations, events, forums and conferences about the future held all around Australia
- A network of like-minded individuals and organisations in your area
- Access to the collective wisdom (and consulting services) of Australia's top futurists and foresight practitioners.
- Access to top thinkers and information resources in futures around the world

You may be searching for ways to improve your world and feeling overwhelmed by the challenge of making a difference on your own.

Membership of the futures foundation provides you an opportunity to meet and work with others who also want to create a better future.

In short, we help each other to become powerful agents for change—citizens who are prepared to share responsibility for actively creating the future of the world we live in, rather than blaming governments and corporate leaders for getting things wrong.

To join the futures foundation please fill out the form on the reverse and mail to PO Box 122 Fairfield 3078

Membership applications (and renewals) can also be made on-line at:

www.futuresfoundation.org.au/membership

Membership costs \$150 per year (plus GST)

and there is

an initial joining fee of \$50 (plus GST).
